Donations from generous individuals are a driving force behind the success of Partnership Resources, Inc. and our mission to *create partnerships between people with disabilities and the community.*

Your gifts create choices for people with disabilities as they find meaningful jobs, display and sell their artwork, connect with their community, and so much more. Your gift supports the following PRI services:

Employment Services

PRI offers a person-centered approach to helping people with disabilities learn, develop, and succeed in community-based jobs that offer competitive pay at minimum wage or above and benefits. PRI is proud to be one of the only agencies in the state to offer more than 140 clients competitive pay at more than 80 businesses.

Your support of our employment services gives people with disabilities opportunities for choice, self-sufficiency and purpose.

Day Services

Partnership Resources, Inc.'s Day Service Programs offer engaging and supportive environments to participate in functional skill development, learning through experiences, social interaction and community inclusion.

Your support of Day Services gives people with disabilities various opportunities to thrive in the community.

The Arts

PRI has a robust arts program, with a dedicated full-time art director, and an arts studio. PRI's thriving arts programs gives clients opportunities for self-expression, the ability to develop social-emotional and soft work skills like concentration and motor skills, and the opportunity to work with professional, working artists. Dozens of our artists have displayed their art in various venues such as local coffee houses, galleries and museums—including the renown Walker Art Center. Some of our artists have created successful professional businesses. PRI dreams of its own arts gallery!

Your support of the arts gives clients access to self-expression and an improved sense of well-being.

Older Adults Program

Partnership Resources, Inc.'s Older Adults Program offers a supportive environment as individuals transition into the next phase of life, pursue new interests and outcomes, continue to make choices, and sustain connections with the community.

Your support of the older adults programs ensures vibrant community-based programming, individualized for clients as they age.
